

MY SUCCESS

September 30 - October 4

What Does Success Mean to You?

This week we are focused on helping you achieve your goals both here at MassBay and into the future. Being a “successful” student means you are staying on top of your readings and assignments, actively participating in class, studying for exams, and learning as much as you can while in school. However, it also means you are asking questions, admitting when you do not know the answer, taking chances, utilizing campus resources and planning for the future.

Check your MassBay Inbox for our weekly events calendar and newsletter to learn about what’s happening on campus!
